When is this bill due?

A Your amount due and due date can be found here.

Is there a prior balance?

B Under **Your Account Summary** on page 1 of your bill, your PRIOR balance or **Balance Forward** is listed, along with any payments that were received since the last bill was issued. Payments received after the current bill was issued will be reflected on the following month's bill.

What is "Your Messages" on my bill?

C The "Your Messages" section on your bill includes important messages about your account and doing business with us. Many of these messages change monthly so we encourage you to review them each month.

Why is this line in blue?

D The supply charge is in blue to help illustrate that supply charges are not CMP charges. You can learn more information about your supplier on the supplier page of your bill.

Where can I find my usage by month?

E **Your Monthly Usage Summary** shows your graphed monthly consumption for this year and the last two years. The table shows your average daily use each month. An asterisk indicates your usage has been estimated.

Page 2

How many days were in the billing cycle for this bill?

F The number of days in the billing cycle may be different from month to month. Review your average daily usage to understand whether an increase or decrease is driven by an actual change in usage or by the number of days in the billing cycle.

What is your total delivery charge?

G Your delivery charge is the amount you pay CMP to deliver your electricity.

Do you need help with your bill?

H If you have fallen behind, we offer payment and assistance plans to help you catch up and stay on track. Visit cmpco.com/helpwithbill. Or call us at 800.750.4000. We want to help.

Customer Information for Your Delivery Service

Delivery rates are approved by the Maine Public Utilities Commission. For bills that cover both electricity supply and CMP delivery, CMP forwards energy-supply payments to the appropriate energy provider. For a schedule of CMP delivery rates, visit www.cmpco.com or call us at 800.750.4000.

What is a kilowatt-hour?
Electric power is measured in watts. 1000 watts of power used for 1 hour is a kilowatt-hour (kWh) of energy. Example: a 100 watt bulb lit for 10 hours uses 1 kWh of energy.

Questions?
To ask a question or dispute a bill, you can email customer.service@cmpco.com, or call 800.750.4000, or write to CMP Customer Service, 83 Edison Drive, Augusta, ME 04336.

Payment Arrangements
If you have trouble paying your bill, a payment plan may help. Call 800.686.4044 for more information.

Maine Public Utilities Commission (MPUC)
The MPUC's Consumer Assistance and Safety Division (CASD) investigates and resolves complaints, educates the public and ensures utilities remain in compliance with State statutes and Commission rules. To contact the CASD, call 800.452.4699 or visit www.maine.gov/mpuc.

Sales-Tax Exemption
Maine sales tax does not apply to the first 750 kilowatt-hours of residential usage.

Late-Payment Charge
Bills are due on receipt. A rate of 0.949% will be applied each month to the unpaid balance after 25 days from the bill postmark.

Estimated Bills
When we cannot read your meter, we will estimate your usage for the month. You have the right to read your own meter. Visit www.cmpco.com.

Supplier Information

CMP does not generate or supply electricity. We deliver your electricity. Your Standard Offer electricity is supplied by NextEra Energy Marketing LLC (33%) and New Brunswick Power Marketing (67%). Standard Offer is the default if you have not chosen an electricity supplier.

CMP is your energy delivery company. Other companies, not regulated by the Maine Public Utilities Commission (MPUC), supply your electricity, which we deliver to you safely and reliably. CMP does not control the supply price though we are required to include and collect the costs in our monthly bills. Now you will see the name of your supplier and their itemized supply charges in BLUE on this page.

Competitive bidding for the right to supply Standard Offer electricity is supervised by the MPUC. The price per kWh for Standard Offer electricity supply is \$0 176310.

You may learn more about energy supply and suppliers, and possibly find a better supply price, by visiting the Office of the Public Advocate (OPA) at maine.gov/SupplyRates, calling the OPA at 207 624 3687, or by visiting the MPUC at maine.gov.

Visit us at cmpco.com/UnderstandYourUsage to see ways to manage and potentially reduce your usage.

Page 3

Who is your supplier?

Review the supplier page of your bill to see who your supplier is. You may choose a Competitive Energy Provider (CEP) or you'll receive supply from the default Standard Offer Provider. The Standard Offer rate is determined by the Maine Public Utilities Commission annually through a competitive bidding process.

Why is supply charged separately?

Your electricity bill has two parts: delivery and supply. CMP is required by statute to include the supply charges on your electricity bill and to pass your payments on to suppliers. CMP delivers your electricity and is prohibited by legislation from generating or supplying electricity.

Why is this page blue?

The supplier page includes information about your supplier and the rate they are charging for your electricity. Supplier information can be easily found on your bill in blue as well as supplier contact information and other information about electricity supply.

What is this?

The name of your supplier will be shown here, whether you have chosen a Competitive Energy Provider or if you receive supply from the default Standard Offer Provider. You may shop for a different supplier. Visit the OPA website at Maine.gov/SupplyRates to learn more about your options.

What are these messages?

These messages include information about your supplier and where to find electricity supply options.

We are committed to providing exceptional customer service to all of our customers — 24 hours a day, 7 days a week, 365 days a year. You can count on us.
